Maynard And Pelletier To Address Meeting Here On Thursday, September 22nd

Co-Op. Livestock Association Pays Dividends

This week notice of dividend payment has been mailed to some eleven hundred patrons of the Grande Prairie Co-operative Livestock Marketing Association.

At the close of the fiscal year, April 30, 1938, there had been accrued sufficient surplus on the handling of stock that the Board of Directors of the Co-operative Livestock Marketing Association will be distributing dividends of ten cents per cwt. on hogs and five cents per cwt. on cattle shipped during the year.

The organization is incorporated under the Livestock Marketing Association Act, which stipulates that dividends can be paid only to members.

However, the Co-operative has decided that this dividend can be available to any patron who will sign the contract. A copy of the contract has been sent with the notice of dividend to each patron and already a great many have signed and received dividends.

One of the heaviest shippers received payment of \$3.80, which was a very pleasant addition at this time of the year.

Up to the present time, since inception, the Association has paid five dividends to members at the same time building up assets in the form of equipment, etc., all in amounts which are fully equipped and paid for; has reduced its shipping charges 20¢ per cwt. from the original 40¢ per cwt. and has increased its unchanged, and increased services at intermediate points.

Art Club To Be Formed Here On September 30

A meeting to consider the formation of an Art Club for Grande Prairie and district will be held on Friday evening, September 28, at a place to be announced later.

The purpose of such a club is to create an appreciation of art in various forms, and more especially, to develop the artistic ability of the people.

The club, when formed, will in no way interfere with the efforts of the schools, but rather will assist them.

It is anticipated that such a club has been demonstrated at Vegreville, where an Art Club was formed less than three years ago.

Members of the club will seek awards at Edmonton. The President, Mrs. Reid, had the honor of bestowing a water-color hung among the best pieces of work in the Dominion Art Show.

Miss Wright, another member, won a scholarship at the Banff Art School.

The course will include painting, drawing and handicrafts.

In the fall, when the necessary arrangements are made, it is planned to hold an art exhibition at Grande Prairie.

Those wishing further information should contact Mr. Robert H. Philip, former secretary of the Vegreville Art Club, or C. Spencer, both of Grande Prairie.

Fred Osborne Of Fairview Promoting Tebo-Wenstob Go

The Tribune is in receipt of a letter from Fred Osborne, fight producer, who is returning to Canada between Eddie Wenstob and Jack Tebo, of Fairview.

Fred states that this fight, which is to be held in the city of Tebo, ship of Western Canada, promises to be one of the most interesting battles held in the West.

In a previous fight, Wenstob was given the decision in a ten round battle, although Tebo had a wide margin in the last two rounds.

Discussing the fight further, Mr. Albright said that there were 592 entries in the large exhibit from the Vermillion's, the highlight perhaps the highlight of the fair.

Exhibitions were excellent corn, tomatoes, milk-mellon, etc., stable, etc., and the like.

Mr. Albright had the pleasure of driving out to the Buffalo Head Prairie which he said is one of the finest head prairies he has ever seen in the world.

In reply to a question put by the reporter as to the extent of the damage to the Fairview area, Mr. Albright replied, "I think the damage was not large, although there was ample scope for large settlement if the country were served with a railway.

At present the products are sold locally and absentees by fur traders and other fields.

"They have a wonderful country in the Ft. Vermillion area," observed Mr. Albright, just before stepped off the platform.

Mr. Albright flew from Peace River and returned the same way.

Minister Of Municipal Affairs To Discuss Principally The Production Tax—Rene Pelletier, M.P., Will Confine Himself To Federal Matters—W. S. McIntosh, M.L.A., Will Address The Meeting.

Hon. Lucien Maynard, Minister of Municipal Affairs, and Rene Pelletier, M.P., for the Peace River country, will address a meeting at Grande Prairie on Thursday night, September 22nd, in the Old Capitol Theatre at 8:00 o'clock.

Among the topics which will be discussed by Mr. Maynard will be the Production Tax, which has been agitating the farmers of the Peace River country.

Mr. Pelletier will confine his address to federal questions. W. Sharpe, M.L.A., will also address the meeting.

St. Louis Party Get Huge Grizzly In Five-Day Hunt

Mr. and Mrs. I. J. Lambert, of St. Louis, big game hunters, stopped off at Grande Prairie for an hour on their way to the coast by car, high-tailed over their trip to the mountains.

Said by The Tribune reporter, Mr. Lambert stated that they got a magnificent moose head, a grizzly bear and a black bear.

The grizzly was a monster, measuring 8 feet 6 inches from tip to tail.

The visitors took a thousand feet of color film pictures.

This was the Lambert's first trip into this country, and they were delighted with the scenery in the mountains and the result of their short hunt of five days.

"We had a grand time and we stand coming back," said Mrs. Lambert.

Mr. Lambert said equally enthusiastic that only three shots were necessary to kill the animal. "Not so bad," he added.

He was very pleased with the praise of the efficient service rendered by the outfitter, Carl Brooks, and his guides.

The party went into the mountains via Pipestone Creek.

Ft. Vermilion's First Fall Fair Is Excellent Attempt

W. D. Albright, superintendent of the Beaverlodge Experimental Farm, and his wife, home of Friday night, were the first to arrive at the fair, held in the head of the valley, and assisted in judging the games.

"An excellent first attempt," was the way Mr. Albright described the fair to The Tribune reporter at the opening.

Discussing the fair further, Mr. Albright said that there were 592 entries in the large exhibit from the Vermillion's, the highlight perhaps the highlight of the fair.

Exhibitions were excellent corn, tomatoes, milk-mellon, etc., stable, etc., and the like.

Mr. Albright had the pleasure of driving out to the Buffalo Head Prairie which he said is one of the finest head prairies he has ever seen in the world.

In reply to a question put by the reporter as to the extent of the damage to the Fairview area, Mr. Albright replied, "I think the damage was not large, although there was ample scope for large settlement if the country were served with a railway.

At present the products are sold locally and absentees by fur traders and other fields.

"They have a wonderful country in the Ft. Vermillion area," observed Mr. Albright, just before stepped off the platform.

Mr. Albright flew from Peace River and returned the same way.

GRANDE PRAIRIE MUSICAL CLUB ENJOY PROGRAM AT MRS. G. HAMILTON'S HOME

The September meeting of Grande Prairie Musical Club was held at the home of Mrs. Gordon Hamilton, of Clairmont.

The following program was rendered:

Piano Solo—"Characteristic Dance" (Ed. Morison), and "Une Petite Histoire" (Cecil Raynes) by Mrs. Porteous.

Piano Solo—"Lustspiel Overture," (M. Calvet) and "Nocturne" (Piano Solo—"Chants sans Paroles" (Tschitschikov) and "Lieberstrauß" (Nietz) by Mrs. Newton.

Piano Solo—A Minor" (Chopin) by Mrs. Keys.

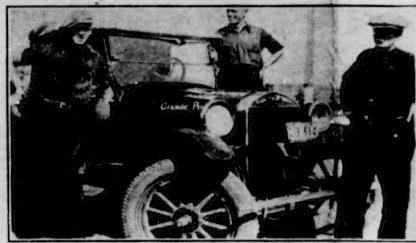

Vocal Solo—"Come Sweet Moon," and "My Song Has Wings" (Piano Solo) by Mrs. Gordon Hamilton.

Piano Solo—"Valse Chromatique" (Th. Leschetizky) and "Waltz C. Sh. (Mozart)" (Chopin) by Mrs. Caldwell.

Piano Solo—"Mazurka" (Chopin) by Mrs. Hamilton.

HOSPITAL DANCE

The big social dance of the year was held in the Old Capitol Theatre on October 21st. Keep this date open.

Top Picture—Pathfinder and crew in front of Louis Stojan's Garage just before starting on the historic trip through the Monkman Pass to the coast. Left: Jerry Stojan; centre, Charlie Stojan, in charge of car; right, Arthur Jackson, The Northern Tribune representative. Lower Picture—Taken on the farm of Herman Treille—Left, the Wheat King wishing Jerry Stojan good luck; centre, Mrs. Art Smith and extreme right, Charlie Stojan.

"Pathfinder" Crew Who Left Here September 3 Is At Last Heard From

Report Brought In By Jim Russell, Member Of The Advance Crew Cutting A Trail For The Car, Who Says "We Are On Our Way To High Hopes Of Getting Through."

The whereabouts of the "Pathfinder" car which left Grande Prairie a week ago on Saturday, and which was not heard of since, has at last been established through a report brought in by Jim Russell, of S. B. Block, who is a member of Frank Murphy's crew who are blazing a trail through the car from the Kinuseo River to Grande Prairie.

The visitors took a thousand feet of color film pictures.

This was the first trip into this country, and they were delighted with the scenery in the mountains and the result of their short hunt of five days.

"We had a grand time and we stand coming back," said Mrs. Lambert.

Mr. Lambert said equally enthusiastic that only three shots were necessary to kill the animal. "Not so bad," he added.

He was very pleased with the praise of the efficient service rendered by the outfitter, Carl Brooks, and his guides.

The party went into the mountains via Pipestone Creek.

F. A. Leadbetter Is Awarded Contract For Pump House

Lease On Airport Extended For 25 Years—Merchants To Be Canvassed As To Right To Change Or The Closing Of The Airport.

Possibility Of Extending Water Pipe Up Hospital Street To The Boundary Was Left Over.

At a regular meeting of the Town Fathers on Thursday night of a week ago, the board voted to extend the water pipe up Hospital Street to the boundary.

The possibility of extending the water pipe to the boundary line on the street leading to the hospital, up to the hospital, was discussed at length as to what the cost of the extension would be.

Mr. Leadbetter, who has been engaged for the construction of the hospital, was asked to give his opinion as to the cost of the extension.

Mr. Leadbetter said that the cost of the extension would be \$10,000.

The cost of the extension was determined to be \$10,000.

The following were then prepared for payment:

General Aid \$734.57
Medical Aid 51.00
Child Welfare 48.00
Unemployment Relief 180.98

Total \$996.08

The balance of the time was taken in dealing with routine business.

Magic Baking Powder special for cake—1st, Shirley Boucher, of St. John's; 2nd, Lorene Raison, Crystal Creek.

Alberta Sugar Co. special (Sea Foam Candy)—1st, Jimmy Carlisle, Montrose; 2nd, Gertie Gandy, Crystal Creek.

Alberta Co. special (Jelly)—1st, Fay Dryer, Somme.

Water and Sewer System Is Nearing Completion

The connecting of the sewer pipe line with the disposal plant will be completed this week.

The disposal plant building is now nearing completion.

Work is in progress on the fifty connections to properties the early part of next week.

Despite Dry Season Grande Prairie School Fair Exhibits Were Of a High Quality

Summary Hitler's Speech Delivered At Nuremberg

Eight Schools Compete—Prizes Were Well Distributed—The Showing Of Cabbages Were Outstanding In Vegetable Division—School Exhibit Won Previous Years—Wonderful Flowers Add Color To The Fair—Inspector Walker, J. McIntosh, Miss Goodall, N. Bentley And W. S. Scarth, Delivered Short Talks Following The Judging Of Exhibits.

The majority were of the opinion that the Grande Prairie Fair was outstanding on Wednesday, would prove far inferior to previous fairs.

In this they were agreedly disappointed, as the school exhibits were fully up to the standard. The entries, too, were on a par with other entries.

The cabbage showing was outstanding in the vegetable division.

A large number of exhibits were prepared. When the school fairs were first started there was a lack of proper equipment. That this has been fully up to the standard.

The school displays were much fewer in number than the previous years.

A large table of wonderful sweet peas and asters added color to the show.

What there was of the livestock and poultry division was good, but the entries were few.

The judging was done by Mr. Bentley, of the Vermillion School of Agriculture; W. S. Scarth, District Agricultural agent; J. M. Murdoch, of the Dominion Experimental Branch of livestock and poultry; Miss Goodall, of the Vermillion School of Agriculture; staff, homemade economic exhibits; and the students.

Mr. Walker, inspector, was present.

Mr. McIntosh, member of the New School Division, was next introduced. He referred to the vast

Representative Of Grain Commission On Annual Tour

While He Knew That The Quality Of Wheat Grown In The Peace River This Season Was High, Mr. Pike Said He Would Not Make A State-Ment Until He Covered The Field.

Representing the Board of Grain Commissioners, J. Pike, grain inspector, travelled to Grande Prairie, making his annual tour of the Peace River country, including the Blackfoot.

Mr. Pike is again selecting samples from the Peace River to be used in making the standards, when the western committee on grain standards meet in Winnipeg in the near future.

R. M. McDonald of Fairview, is the Peace River representative on the commission.

Discussing the quality of wheat grown this year in the Peace River, The Tribune reporter, Mr. Pike observed, "It was surprising and most gratifying that of the samples sent to the department from the Peace River contained mixtures of grain and other seed varieties."

Mr. Pike further stated that the promise given the farmers of the Peace River that this country would be richly supplied with wheat has been faithfully kept.

In reply to a question put by The Tribune reporter with regard to the possibility of a new wheat crop in the Peace River, Mr. Pike replied that while he knew it was high he would not give a definite statement until he had covered the field.

"Never Grew Better Quality Of Wheat" Says Wheat King

"I have never grown a better quality of wheat than this year," this remark was made to The Tribune reporter on Friday morning as he was driving along the main thoroughfare through the recreation park where they compete.

The Town Band, under the leadership of Bert Churchill, took a stand in front of Orr's Hardware, and then marched east on Grande Prairie's main thoroughfare, then north to the recreation park, where they compete.

Prizes were awarded for the school parade as follows:

East Town Band, with first, Somme school, 2nd, East Kleskun, 3rd.

ART CLUB FOR GRANDE PRAIRIE AND DISTRICT SHOULD BE WELL SUPPORTED

That an effort is being put forth to establish an Art Club for Grande Prairie and District is carried in a news item which appears elsewhere in this issue of The Tribune.

This area is sufficiently developed to such an extent of the organization of such a club.

The Tribune has from time to time contended that it is quite necessary that this club be established, but we will have missed our great destiny if we fail to also develop the artistic side.

There is plenty of talent in this country if given an opportunity to develop. An Art Club such as suggested would be both, young and old, that opportunity.

It is to be hoped that there will be a good attendance at the organization meeting to be held on Sept. 30.

THE HORRORS OF WAR AND THE CAUSE OF PACIFISM

Howard Scott, writing editorially in "Technocracy" on the horrors of war, says in part:

"War is deadly. War is devastating. War is horrible. Propaganda has lied to us. Military warfare seems across the front pages of our press. We burn with righteous indignation over the daily news of blasting human life out of existence. The world of inquiry and knowledge views were bound by orthodoxy, the case was for all practical purposes.

The Government of Alberta has been obliged to withhold its recognition of the Commission, but has not come to terms with the Royal Commission.

The Japanese messages of good will showered from the skies. The United States has sent a protest to the hideous outrage on human decency and civilized warfare. And Secretary Cordell Hull has issued a protest from the Department of State to the Japanese government. We Americans become incensed at the terrible and wanton destruction displayed by the Japanese.

In the hypocrisy of our righteous indignation, we forgot it ever knew that the United States supplies Japan with 15,000,000 barrels of petroleum products annually; that American companies own and control tank farms in Japan through their Japanese subsidiaries."

The editor of "Technocracy" goes on to show that Canada is supplying Japan with some iron, copper, and other metals necessary to the prosecution of its unprovoked war against China.

The people of Canada almost to a person are opposed to the slaughter on China, as the Chinese people are.

In the face of the sentiment that exists on this continent against war, we ask why are our mine owners permitted to go on unmonitored shipping metal to be used in the destruction of human life by an aggressive nation?

The reason is this, that those opposed to war are pacifists. They simply hold up their hands in horror against the devastation, but do nothing to prevent it. What is needed is action. Until such time as those opposed to war can do so long will our governments blink at the shipment of war materials from our shores to the aggressor nation.

To quote again from the editorial, "War is always good business, even human beings die to provide the business."

So we say: Away with pacifism. Let the hosts opposed to war organize themselves into a virile party and demand that war materials shall not be allowed to be shipped to aggressor nations such as Japan and the rebel forces in Spain.

WHITHER ARE WE GOING INDUSTRIALLY?

The Christian Science Monitor in a recent issue has an illustrated story of the industrial development of Poland. Taking advantage of the country's natural resources the project cost a total of \$1,000,000,000.

Quoting from the interesting story: "Polka C." as the project is called is an abbreviation for the official name "Central Industrial District of Poland." It is designed to meet some of Poland's most pressing problems—unemployment, over-population, under-education and self sufficiency in war time.

Poland is one of the many nations in the world which is striving for self sufficiency.

The Polish government has been and is still working feverishly to industrialize the country.

Up to the present she has been forced to buy heavily in farm machinery, in heavy machinery and self sufficiency in war time.

In the purchase of farm machinery the Canadian manufacturers have all shared well.

In the years too distant future Russia will be making these things herself and the millions of dollars spent abroad will be spent at home. Now we come to the point.

What is the effect on the great industrial nations that have been depending on the markets in less industrial nations for surplus goods, while these nations become self sufficient in manufacture.

It simply means that unless our whole system is revamped to meet the new conditions, the cost of living will mount higher, for the reason that our manufacturing plants will not operate as long each year.

The various countries have sold their surplus on the foreign market because the people of their own coun-

tries could not or cannot now buy back what they produce.

When the political situation is reached, and it is not so very far away, what are we going to do about it?

As necessity is the great driving force nations will have to reorganize their whole economic systems in order that their people can live.

This is the point to which we issue. There can be no side-stepping the issue.

There is the point to which we issue. There can be no side-stepping the issue.

There is the point to which we issue. There can be no side-stepping the issue.

There is the point to which we issue.

CLAN GATHER AT HOME OF MR. AND MRS. MARIAN WHITE

The gathering of the Johnson clan took place on Sunday at the home of Mr. and Mrs. Marian White, the occasion being the visit of some relatives by blood or marriage, or prospective relatives. All sat down to a sumptuous repast at a long table under an arbor built of trees. At the conclusion of the supper, Andy Johnson, the "sonny boy" as he was called by the boys, was born June 2, 1918, the day of the third battle of Ypres, and there was an estimated gathering of 150 people. The Park that day, with over thirty hands in attendance, Miss Morris had a wonderful memory for names and faces and in the end Mr. and Mrs. Smith, who had been at the Macdonald Hotel, were greeted with: "Hello Bill, how's the wife?" This was after twenty years. Mr. and Mrs. Johnson then proposed a toast to the ladies, to which his wife replied with a few well-chosen words. Just then the son opened his mouth, that his wife generally has a good come back.

Those present were: Mr. and Mrs. Johnson, Mr. and Mrs. Jack Johnson, Bertha, Walton and Olive, Mr. and Mrs. Andy Johnson, Evelyn, Opal and Vickie, Mr. and Mrs. M. Thorsted, Alice, Doris and Alice, Devil's Lake, N.D.; Mr. and Mrs. Marian White and son George; Mr. and Mrs. George and Leontine; Mr. and Mrs. E. Kirslein, Terry and Marlene; Mr. and Mrs. L. L. Leventine, wife of Nels; Mr. and Mrs. Carl Johnson and three children of Watino; Mr. Oliver Johnson and Mr. H. Dumsted. There were four great-grandchildren, Leonta Black and Marlene Kirslein being great-grandchildren of Mr. and Mrs. Jorgen Johnson.

FAREWELL PARTY

A farewell party was held for Miss Jean Walker at the home of her mother, Mrs. Helen Walker, last Thursday, Sept. 3. Jean left on Friday's train for Alberta, where she will be married to Mr. and Mrs. George Fields. Cards were played and also dancing to the radio followed. This was distinctly a "hen" party, as there were not but a few additions. A delicious lunch was served and everyone present had a most enjoyable time.

S. W. SMITH, EX-MEMBER OF PRIN. PATS, GREETED JENNY MORRIS AT EDMONTON

All you, who have been reading the Edmonton papers of the past week, will be well aware as to who Mr. and Mrs. Morris is, but for the benefit of those who are not, he would like to state that Miss Morris and her mother, kept a home at 34 Bedford Place, London, during the time she became the home of the P.P.C.L.I. more commonly known as the "Princely Guards". She was born in London on leave in London. The boys never forgot the kind treatment they had received there, and last March a movement was set going among the surviving members of this regiment, a fund was subscribed, and Miss Morris was brought back to Canada as the queen of her "home" as she always called them. She had quite a triumphal procession across Canada, being the centre of attention by members of the "Pats" and entertained royally. About ten days ago, Mr. S.

The French have thousands of troops maneuvering on the Italian border. The photograph shows tanks being used on the lower levels of the Alps.

BRITAIN STRENGTHENS HER AIR DEFENCE

British air-craft factories are working day and night to keep up with the Government's air defence program. This photograph shows a new Blenheim bomber being loaded with huge bombs for a test flight, its crew wearing gas masks.

COMMUNIST AFTER SEAT

Fred Rose, who will be the candidate of the Communist Party in the Montreal-Côte St. Luc election to fill the House of Commons vacancy caused by the death of Mr. Sam Jacobs. Rose ran second to Mr. Jacobs in a five-corner fight in the 1935 general election.

NOT ALWAYS THE GREAT WHO SHOW EXCEPTIONAL COURAGE IN CASE OF AN EMERGENCY

The conspicuous incident in a train crash near Toledo, Ohio, was the act of the Negro porter who ran to warn passengers in time to save the car, and was himself injured, says the Detroit News. One is reminded that in the major rail disaster of the year, when a train ploughed into a rushing stream in Montana, a number of lives were saved because of the calm courage of a Negro porter.

We need not look to the high places for our heroes when there is such proof of the capacity of humble men for greatness in an emergency.

CAMERA MEN ORDERED NOT TO USE WIDERANGE LENSES

When the Standard Line's new Mauve train lumbered in England the newspaper photographers were permitted to point their cameras in only one direction—towards the Mauretania.

And the camera men were ordered not to use widerange lenses—because in the adjoining slipway a battleship was being built and a few feet upstream the camera might have photographed a British destroyer.

There won't be any true happiness in this world until somebody finds a way to air-condition a phone booth.

KEY FIGURES IN MARYLAND RACE

Unusual interest attaches to the outcome of the Democratic primary in Maryland on September 12, in which Senator Millard Tydings, incumbent, (at the right) is opposed by Representative David Lewis, New Deal favorite (shown at the left).

JAPAN IS REVIVING THE OPIUM TRADE IN CHINA

The ability of the Chinese to resist Japanese armed aggression is being daily demonstrated.

Can they equally resist the curse of opium, smokes that has everywhere followed Japanese penetration into their country?

A dispatch from Shanghai states that the opium trade has been revived there on an unprecedented scale.

Japanese themselves are not opium smokers, but they have no compunctions about making it easy for the Chinese to become the victims of a demoralizing and deadly habit.

Romania has more gypsies than any other country in the world.

Good to the first drop—the stock market.

TWELVE YEAR OLD DYNAMITE IS ORDERED DESTROYED BY ONT. PROVINCIAL POLICE

On the orders of Ontario provincial police, 4,250 sticks of 12-year-old dynamite were destroyed at a quarry near Little Current, Ont. The explosion is thought to be inspired by the drowning of the summer camp which preceded the drowning of young Daniel Dodge three weeks ago.

One man's meat is another man's poison, and your telephone is another man's poison.

Canada, Poland and Japan were almost entirely the only exporters of canned poultry to the United Kingdom in 1937.

Sometimes fun is what a guy who is going to have a headache next morning thinks he's having.

WORK OF BEAVERS WILL INDICATE WET OR DRY YEARS

There will be plenty of rain in 1939, according to the beavers.

Beavers in streams near Stamford, Manitoba, have been busily building new dams and repairing the old ones, indicating their expectation of plenty of water.

Asromatic prophets, beavers are regarded highly. Each winter preceding a dry year, they were observed to have abandoned dams in the lesser streams.

Paraffin wax can be made harder than steel by subjecting it to a pressure of 200,000 pounds a square inch.

Line Elevator Companies and the Wheat Board

Attention has been drawn to statements suggesting that Line Elevator Companies opposed the establishment of the Wheat Board and took no part in the advancement of the farmers' case before the Turgeon Commission. These and all similar suggestions are false.

The solution of the wheat question requires the co-operation and goodwill of all those interested in the welfare of Western agriculture.

The 1938 Wheat Board was established because conditions in the international wheat situation demanded it, because that fact was recognized by the government, and not least, because all thoughtful Westerners and Western organizations, including the Line Elevator Companies, strongly supported it.

Realizing that union and not dissension amongst all those interested in the progress of Western agriculture and the honest facing of common problems are more than ever necessary and that the greatest disservice that any organization or individual can do in these present difficult times is to spread falsehoods, innuendoes or half truths, the Line Elevator Companies feel it necessary to draw your attention to

The Following Facts:
Before The Turgeon Commission

1. On the Opening Day, Counsel for the Line Elevator Companies was the first to address the Commission. He analysed the burdens upon Western farmers. He referred to tariffs, interest rate, the cost of things farmers buy, transportation costs, etc. He said:

(a) "It may be stated that the farmer suffers from the double handicap of buying his goods at costs which are enhanced by a closed market and selling his product on a market in which tariffs and embargoes have been raised against him.

(b) "No one wishes, least of all those whose welfare is his welfare, to leave the farmer the victim of conditions which he did nothing to create.

(c) At this point I may state that my clients endorse, whole-heartedly, any movement for a relief of the farmers' burdens and for the granting of support, as long as any condition, either national or international, external or internal, render that relief and that support necessary for the maintenance of adequate living standards for farmers and their families."

2. At Calgary, exhaustive evidence was offered of the increased costs of things farmers buy. In answer to Mr. Justice Turgeon, Counsel for the Line Elevators, said:

"I want to say, quite firmly, my Lord, that the elevator companies do not oppose the establishment of a Wheat Board. Rather, we are in favour of anything that will give the farmers the necessary protection. As I indicated at the beginning of this inquiry, our attitude towards this Commission is that we would like to join with everybody else in searching for the best remedy for the ills of the farmers."

3. In the formal written argument—submitted on behalf of the Line Elevator Companies—Counsel said:

"It is submitted that a wheat board organization should be retained and made available for the guarantee of price in case the prevailing world price declines below a fixed figure set to assure the grower the highest minimum price possible for his product."

The 1938 Wheat Board

In 1938 the Line Elevator Companies advocated and supported a Wheat Board and the highest possible minimum price. Oral representations to the Dominion Government were supported by the following letter sent on July 20th, 1938, to the Dominion Cabinet and the Chairman of the Wheat Board:

"We understand from recent Press reports that the minimum price for the current crop year for wheat will be determined and announced by your Board and the Government in the next week or ten days. Our Association placed in evidence before the recent Royal Grain Enquiry Commission the following:

"Volume 1, page 20. 'At this point I may state that my clients endorse whole-heartedly any movement for a relief of the farmers' burdens and for the granting of support as long as any condition, either national or international, external or internal, render that relief and that support necessary for the maintenance of adequate living standards for farmers and their families.'

"And again, Volume 1, page 26, 'If the deliberations of this Commission are to have the constructive effect which it is desired we believe that it should consider the economic position of the Western farmer in the national household. In any enquiry directed towards these ends and in any movement to ameliorate that position I am instructed to state that my clients will wholeheartedly join.' Bearing in mind the welfare of the families."

producers, may we respectfully urge that your Board and the Government give consideration to the relationship between the cost of necessities and the price of wheat. We understand that recent statistics released by the Dominion Bureau of Statistics covering the four months ending June 30th, 1938, show that the average cost of sundries show that the average cost of these items for the year 1937 to be 31% higher than the cost of the same articles for the year 1913. The average price for No. 1 Nor. wheat in store, Fort William for the year 1913 was 88¢. The handicap under which we believe our clients are labouring is set forth in the evidence given on our behalf in Volume 1, page 26, of the evidence of the recent Royal Grain Enquiry Commission.

"It is the hope of this Association that the Government will consider the highest possible minimum price consistent with the welfare of the Dominion of Canada." Signed, C. E. Hayles, President."

After the price was set, in a newspaper interview, Mr. C. E. Hayles said:

"The members of the North-West Grain Dealers' Association are pleased to note that the Dominion Government has recognized the principle that, in the face of adverse international and national conditions, the economic position of the Western farmer is entitled to federal support, even at the risk of loss to the Dominion Treasury. We wish, however, that the Dominion Government had been able to guarantee a higher price."

Paragraphs of
Personal Interest

Philip Alt, who spent a few days visiting his parents, left on Friday for Edmonton.

Mrs. Fred Gabler, of Dimondale, left by Friday's train to join her husband at Goldfield.

Bob Roycroft and Fred Abbott, of Smoky Heights, were business visitors to Grande Prairie on Monday.

V. Soley and Ed. Campbell of the circulation department of The Edmonton Bulletin, were covering the Peace River for the paper.

Gordon Scott and son Roy of Debut, were callers at the Tribune office on Saturday.

J. Thorenson of Vancouver, was visiting Grande Prairie to join his parents, who he hadn't seen for four years.

Malvin Weis, of Ft. St. John, is visiting at Grande Prairie between erents to Senlac, Sask.

C. Ratcliffe, of Spirit River, was a business visitor to Grande Prairie on Monday.

Mr. and Mrs. Tom Williams, of Halcourt, were at Grande Prairie for a short time on Monday.

W. Sharpe, M.L.A., returned from the Capital City on Friday.

W. Frost of Edmonton, head representative for Cockshutt Plow Company, was taking stock at the Grande Prairie transpot.

Miss Joan Miller celebrated her fifth birthday on Wednesday with a party for a few of her friends.

Mrs. O. Newton and Mr. and Mrs. H. Newton went to Peace River and back on Tuesday.

Christ Church W. A. will hold their annual bazaar in the Speake Hall on November 5th.

Miss Mabel Fenton of East Kleskun visited Mrs. Rex Harper on Tuesday.

Mr. and Mrs. O. Evenrude and Mr. Nairn visited Mrs. Chamberlain of Valleyview on Sunday.

Miss Hattie Beaton, who was out in Edmonton attending the Hair Dressers' Convention, returned by plane on Sunday.

Miss Margaret Patterson of Vancouver, who was visiting her parents in the Vermilion district, left on the train at Grande Prairie on Friday evening.

The Misses Joan and Pat Frewers and Audrey Cuthbertson spent last weekend at their respective homes at Lake Saskatoon.

The members of the Aurora Chapter of the O.E.S. had a very enjoyable time at a lawn party in Mrs. Lovell's lovely garden this afternoon, left for Edmonton on Tuesday.

Mr. and Mrs. J. Lozerton and Mrs. Lozerton's parents, Mr. and Mrs. Saul of Grande Prairie, were visitors in town on Sunday.

The following who attended the Grande Prairie Presbytery of the United Church, held at Spirit River on Thursday, and Friday, spent a short while at Grande Prairie Friday evening: J. Clarke, Rev. E. and Mrs. Rands, and Miss Davis, Sexsmith; and M. Boyd of Beaver Lodge.

Mrs. Newton, who has been visiting her son and daughter-in-law, Mr. and Mrs. Harry Newton, for the past month, was here today on her return trip to the States.

Mr. and Mrs. St. Barley and Mr. and Mrs. George Knight were the dinner guests of Mr. and Mrs. George Duncan of Wembley Sunday. Then Mrs. Knight and Mrs. St. Barley went to Beaumont to visit Mrs. Sneider, who had supper with them.

Mr. and Mrs. John Dunfield of Chillicothe, B.C., and Mr. and Mrs. Joe Chabot of Hythe, visited Mr. and Mrs. Alex Dunfield on Tuesday. Mr. Dunfield is Alex Dunfield's brother and he is also the father of Mrs. Chabot.

At St. Paul's United Church W.M.S. had a very enjoyable meeting the Wednesday afternoon of last week, when Miss Hendra, who is relieving on the Municipal Hospital staff, introduced the W.M.S. at Cold Lake, Alberta. Miss Hendra was on the nursing staff there.

The following were guests at a dinner given by Mr. and Mrs. T. Blair on Friday evening: on the eve of the annual meeting of the United Church: Griff and Jack James, Victor Macklin, George Little, also Bob James and Earl Parrish.

Art Livingston formerly of Grande Prairie, now farming at North Pine, B.C., was a visitor to Grande Prairie this week. He said the crop in his area averaged between 18 and 20 bushels per acre.

The Western Rooming House was all astir on Sunday morning. The reason for this was that Art and Cliff Anderson and Keith Black were all present. They are all part of the trap line south-west of Grande Prairie. The dogs sensed the fact that they were about to go to the traps and the traps were all set. They further stated that the recent rains did not touch Blueberry.

The following were guests at a dinner given by Mr. and Mrs. T. Blair on Friday evening: on the eve of the annual meeting of the United Church: Griff and Jack James, Victor Macklin, George Little, also Bob James and Earl Parrish.

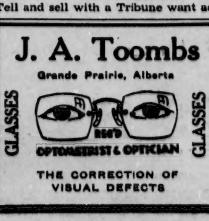

Wm. Steinke and daughter Mystic, and Gordon Stewart of the Sexsmith district, were business visitors to the Prairie on Tuesday. Mr. Steinke reported that his son's score of 222, certified 222, that averaged 18 bushels to the acre.

One of the Science and Health with the Scriptures" by Mary Baker Eddy, is "Science not only reveals the truth, but cures disease, but it also declares that all disease is cured by divine Mind" (p. 169).

FACTORY BEING ENLARGED

A fireproof addition to the plant of Canadian Prebaked Wheat Company Limited, Northgate Falls, is now under construction. When completed the total floor area of the plant will be increased by more than 50 per cent. The new addition will be constructed of skeleton steel frame with reinforced concrete fire-proofing and floor slabs, maple floors and face brick walls. The new addition will be built on the site of the present building. When the enlarged plant is in full operation the number of employees will be increased to 150. It is to be expected that the building will be completed in December. About 350 tons of structural steel will be used.

On Sunday last the golf course was pretty well occupied by different matches and the completing of the club tournament. The weather was ideal and the course was in excellent condition.

The final game between Larry Cobb and Len Duffield in the club championship turned out to be the highlight of the day.

In the first round Duffield won four holes to Cobb's three, halving 1 and 6, leaving Duffield one up.

At the end of the second round Duffield still had one hole to his head.

Arrived to square the match at the first hole in the third round with a birdie against a five, and went on to win the next two. The third round won the 4th and 6th, leaving the 8th squareing the match. At the end of this round Cobb had a lead of one.

At this stage of the match a small gust of wind blew the pin play.

On the final nine, Duffield won with a par against a 5, making the match all square. Both players got in trouble on the second, Cobb hitting the ball with 6, the next three holes were halved. Duffield got on the green of the fourth hole had a birdie putt to square the match, but the ball rimmed the cup and stuck on the lip. This was a good break for Cobb and a tough one for Duffield. Cobb also had a good opportunity on the fifth, but just failed to click. Larry got into trouble on the 6th and took a bad 6, Larry made a good recovery and again, Larry took the 7th, Duffield getting into trouble with his drive. This time Cobb had a birdie and two to 6. Larry had a beautiful drive on the 8th, but Duffield got deep in the rough and played a provisional ball, instead of Cobb's drive. Duffield had no break with his second and then, playing it as small poplar trees were direct in his line of play, so decided to play his provisional ball. Mr. H. T. Sparhy, principal of the Grande Prairie high school was on the changes of the high school curriculum effective this year as well as the importance of all the recent changes in teaching throughout the grades, will be in Grande Prairie all over, but quite a few decided to see it through. Duffield played his third and made a beautiful pitch to the green, but the ball went off the green three feet from the cup. Larry just reached the sand with his third and missed his fourth, taking a five and Duffield had a birdie on the squaring the match. Both players got good drives and seconds. Cobb's 2nd was to the right of the green, and Duffield had an opportunity to clear the match, but fell short with his third. Cobb played his fourth, dead and Duffield had a birdie on his 5th, his putt, Cobb sinking his for a par. Congratulations, Larry. Better luck next time, Len. It was anybody's game to the last stroke.

Here are the cards:

First Round	
Duffield	544 444 457—41
Cobb	553 574 545—43
Second Round	
Duffield	454 546 545—42
Cobb	543 544 543—41
Third Round	
Duffield	554 445 546—42
Cobb	343 542 540—41
Final Round	
Duffield	473 554 646—44
Cobb	563 556 555—45

The following are the winners in the different flights of the club tournament commenced two weeks ago:

Championship flight—Larry Cobb won with a 72, and 100 in finals.

First Flight—F. W. Smith won from Al Roddick in finals.

Second Flight—Tom Newton won from Bill Emerson in finals.

Third Flight—J. Whittlock won from Tom Newton in finals.

Fourth Flight—Bob Kranz won from Lew Edwards in finals.

The final game in the ladies' section will be played between Mrs. R. W. Roberts and Mrs. Hutton-Potts on Saturday evening.

Miss Long will be still holder of the Kitchener Cup and is ready for all challengers.

Here is something to crow about says Pro. "Sandy" Stevenson and something to be proud of your boys to shoot at. On Wednesday afternoon a four-ball foursome composed of A. R. McMillan and Jim Evans against Mr. Duffield and Mr. Stevenson, the latter made the record of the course for eighteen holes. The best card for the former were 142 and McMillan 143. Butchart 44, and "Sandy's" record cards.

First Round	442 444 455—36
Second Round	543 553 345—37
Congratulations "Sandy."	
"Lang may yer lum reek."	

On Sunday, September 18, a two-ball mixed foursome will be run off, with good prizes for the winners. The following is the draw:

H. Watcher and Mrs. Dr. O'Brien, Dr. Carlisle and Mrs. Sinclair, P. Powers and Miss M. Robertson, T. Staples and Mrs. J. Donaldson, A. McMillan and Mrs. R. Sharp, B. Sharp and Mrs. R. Powers, B. W. I. HELD SUCCESSFUL MEET AT HOME MRS. W. J. THOMSON

The Grande Prairie W. I. held a most interesting meeting at the home of Mrs. W. J. Thomson on Wednesday evening. Mr. H. T. Sparhy, principal of the Grande Prairie high school was on the changes of the high school curriculum effective this year as well as the importance of all the recent changes in teaching throughout the grades, will be in Grande Prairie next week. Parents will find this especially helpful.

Mrs. T. C. Thompson was appointed convention to make arrangements for the holding of a Child Welfare Clinic sometime in September. Mrs. J. Christie assisted.

Mr. George Burne, of Calgary, is a visitor for a few days to Grande Prairie and district. He had a few games of golf at Richeston and will tell them.

Mr. and Mrs. H. M. McMillan, of Cut Bank Lake, were in town on Thursday buying supplies for their store.

Alex. Monkman took time off on Thursday to pay the Prairie a visit.
